

Appendix 2

Artifacts found on site (Parade Ground and Prison Yard):

- One opium container
- One broken pottery smoking pipe
- One copper coin, text on the coin illegible
- A few Blue-and-white porcelain bowl and plate shards
- A shard of white porcelain with decoration in green paint

All of the above artifacts are dated post-1800 (i.e. late Qing to early 20th Century) and they are regarded as secondary deposits transported to the site from somewhere. No pre-1800 in-situ relics identified on site.
