

Hong Kong Equestrian Performance Plan 2024

PARA EQUESTRIAN SELECTION POLICY

HKEPP Mission

The aim of the Hong Kong Equestrian Performance Plan (HKEPP) is to achieve success for equestrian athletes from Hong Kong competing on the world stage. This will be accomplished through a systematic approach to identify talent, develop potential and support successful athletes to achieve their goals.

Aims of the Selection Policy

This policy is designed to select athletes on to the Performance Plan who demonstrate the potential ability to represent Hong Kong in international competition, major equestrian Championships and Games, with the ultimate ambition of winning medals.

Introduction

The HKEPP for para equestrian was introduced by The Hong Kong Jockey Club, in collaboration with the Equestrian Federation of Hong Kong China in March 2017. This policy relates to the formal selection of athletes to the Elite Squad and Potential Squad, running 1 January 2024 to 31 December 2024. Selection on to the programme will take place twice in the year and eligibility criteria are subject to change in future years.

The number of places on the programme and the structure of available support are dependent on funding levels made available by The Hong Kong Jockey Club and therefore subject to change.

HKEPP Programme Commitment

Selection on to the HKEPP takes place annually, with two entry points in the year. Athletes who are accepted on to the programme will undertake formal performance reviews and will only remain on the programme if they continue to reach key performance indicators as agreed with the Performance Manager. Failure to engage fully with the Performance Manager and / or Coaches and work through a mutually agreed development plan may result in removal from the programme. Athletes will be required to sign an athlete agreement at the start of the programme, outlining their obligations to the HKJC and Equestrian Federation of Hong Kong China and their commitment to attend agreed competitions, squad sessions and home visits.

General eligibility for selection to the HKEPP – Para Equestrian Programme

To be eligible for consideration for the programme, all athletes must meet the following criteria:

1. All athletes must be Hong Kong Special Administrative Region passport holders and eligible to compete for Hong Kong in all FEI competitions, championships and the Paralympic Games.

2. All athletes must be current members of the Equestrian Federation of Hong Kong China.
3. All athletes must maintain their sport nationality as Hong Kong China so as to represent Hong Kong at all competitions.
4. Athletes currently serving a ban from FEI or national competition as a result of an equine or human doping or equine medication violation will not be eligible for selection.
5. Athletes must have a current FEI international classification with a status of Review (R) or Confirmed (C).

Specific Minimum Criteria for selection to the HKEPP Para Equestrian Programme

General requirements on qualifying results

These general requirements are applicable to all athletes:

- All qualifying results must be verifiable on the FEI website results database. Athletes are responsible for liaising with the FEI with regards to any missing or incorrect results.

Application Process

There are two opportunities to apply for places on the programme in 2024. The intake of athletes for January 2024 will be determined by round one of the application process. A second intake will take place in July 2024 for athletes entering the programme (i.e. not currently on the programme). In this instance, this can be athletes entering the programme at potential or elite level. For avoidance of doubt, athletes on potential can apply for the elite programme in round two of the process.
